

I am writing to request that you do not give LPFM stations priority to take over current FM translator service, such as that which K-LOVE radio station operates on.

K-LOVE is the only radio station I listen to. It provides me with encouragement throughout the day, great musical entertainment, and uplifting, positive messages. Additionally, K-LOVE provides clean, moral content--something which cannot be found on most other radio stations.

If K-LOVE were displaced by an LPFM broadcaster, it would be a great loss to our community, which has worked hard to bring K-LOVE to our area, and to support K-LOVE as a non-profit radio station.

K-LOVE provides a necessary service as a listening alternative for families with children, in particular. Parents can be assured that nothing they hear on K-LOVE will be offensive or of concern, and the music/message provides teens with a positive influence in this world where so much of what they see and hear is negative or immoral.

Furthermore, K-LOVE serves the greater public interest by providing not only great music, but other services to thousands of people in need, through its ministry of prayer and counseling, and its sponsorship of key community organizations such as rescue missions or adoption programs.
